~~MEMORANDUM THRU DIRECTOR OF THE ARMY STAFF~~ *Amr C7AR JB*

FOR SEE DISTRIBUTION

SUBJECT: "How the Army Uses Modeling and Simulation" Handbook

1. Request support in the Army effort to develop the "How the Army Uses Modeling and Simulation" Handbook. The HQDA Deputy Chief of Staff, G-3/5/7 is developing this Handbook which will be an extensive compendium of Army Modeling and Simulation (M&S) information.
2. The Handbook will serve as a reference for Army personnel and all others to learn and understand how M&S enhances Army processes. It will provide broad coverage of all aspects on Army M&S, from how M&S capability requirements are identified and developed, to how they are managed, used, and integrated into Army, Joint, and international processes, systems, and operations. "How the Army Uses Modeling and Simulation" is not intended to replace or supersede any official Army, Department of Defense, or Joint published policy or guidance, but it is intended to serve as an authoritative reference document, much like "How the Army Runs."
3. The development team will be in contact with your organizations during the development and staffing phases of the handbook. Request you provide contact information to Mr. Roger Samuels, Project Lead, at comm: (703) 601-0012, DSN: 329-0012, or email: roger.samuels@hqda.army.mil. Your continued support will help to ensure the successful development of this valuable modeling and simulation handbook.

JAMES D. THURMAN
Lieutenant General, GS
Deputy Chief of Staff, G-3/5/7
