MEMORANDUM FOR SEE DISTRIBUTION

SUBJECT: Winners of the Army Modeling and Simulation Awards for Fiscal Year 2012

1. It is with great pleasure that I announce the winners of the Army Modeling and Simulation (M&S) Awards for Fiscal Year 2012 (FY12).

2. The theme for this year was "M&S Enabling the Army in Transition." The Army Modeling and Simulation Awards Selection Board evaluated 63 nominations this year. For comparison, FY11 had 70 nominations and FY10 had 58 nominations. The number of nominations demonstrates the continued interest, value, and necessity of M&S in and for all aspects of the Army providing effective and efficient M&S support to our Soldiers.

3. Thanks to all who provided submissions; I urge you to continue your analytic, research, experimentation, testing, and training efforts involving M&S. Many of the projects have enabled our Army to be the best equipped and trained Army in the world.

4. The specific award winners are listed in the enclosure; congratulations on a job well done. Thank you for your continued work in Army M&S; your efforts are essential in providing our Soldiers with the best capabilities for their protection, their lethality, and their mission accomplishment. Keep up the good work!

5. Due to budgetary constraints, no formal presentation will be held at the interservice/Industry Training, Simulation and Education Conference. The awards and certificates will be sent directly to the winners' chain of command for formal presentation.

6. Point of contact for this action is Ms. Betty Jones, Army Modeling and Simulation Office, (703) 805-0240, or e-mail at betty.l.jones104.civ@mail.mil.
